

Dipanshu Chaturvedi

Banda, Uttar Pradesh, India

dipanshuchaturvedi610@gmail.com | github.com/dipanshu564 | LinkedIn | Phone: +91 9369488479

Summary

Computer Science undergraduate specializing in Cyber Security with knowledge of C++, Python, and SQL. Interested in network security, ethical hacking, and vulnerability assessment, with a focus on identifying threats and building secure systems.

Education

Sagar Institute of Science & Technology (SISTec) <i>Bachelor of Technology in Computer Science (Cyber Security)</i> – CGPA: 7.80 / 10	Bhopal, India 2023 – 2027
Hindu Inter College <i>Intermediate (Class XII)</i> – Marks: 77.2%	Atarra, Banda, Uttar Pradesh 2023
Tathagat Gyan Sthali Inter College <i>Highschool (Class X)</i> – Marks: 80.2%	Atarra, Banda, Uttar Pradesh 2021

Technical Skills

- **Programming Languages:** C++, Python, Java
- **Cyber Security Fundamentals:** Network Security, Ethical Hacking, Vulnerability Assessment
- **Database:** SQL, MySQL
- **Web Technologies:** HTML, CSS, JavaScript (Basic)
- **Operating Systems:** Linux, Windows
- **Cloud:** AWS (EC2, S3, DynamoDB, Lambda – Basics)
- **Security Tools:** Nmap, Wireshark, Burp Suite
- **AI & Salesforce:** Salesforce Agentblazer Champion, Generative AI (GenAI) Fundamentals, AI Agents

Projects

AI/ML Based Phishing Detection System <i>Python, Machine Learning, Scikit-learn, Pandas, Flask</i> – Developed a machine learning-based phishing detection system to classify malicious and legitimate URLs – Implemented feature extraction using URL patterns, special characters, and domain analysis – Trained and evaluated models on real-world datasets for high accuracy	2025
Campus Management System <i>React.js, Node.js, Express.js, MongoDB</i> – Developed a full-stack campus management system for students and faculty – Implemented attendance, course management, and role-based authentication – Built responsive dashboards with secure REST APIs – Live Demo: sistec-super-app-production.up.railway.app/login	2025
Personal Cybersecurity Portfolio Website <i>HTML, CSS, JavaScript, GitHub Pages</i> – Designed and developed a responsive personal portfolio website to showcase cybersecurity projects and skills	2025

- Implemented modern UI with smooth navigation and optimized performance for better user experience
- Live Portfolio: dipanshuchaturvedi.netlify.app

Experience

Full Stack Development Intern

Jun 2026 – Jul 2026

QSkill (SR India)

Remote

- Gained hands-on experience creating responsive web applications using HTML, CSS, and JavaScript
- Strengthened backend development knowledge while implementing essential application features
- Collaborated with a team, improving problem-solving and debugging skills

Embedded Systems Intern

May 2026 – Jun 2026

Emertxe Information Technologies, Bhopal

India

- Learned fundamentals of embedded systems and microcontroller programming
- Developed basic C/C++ programs for embedded applications

Ethical Hacking Learner

Dec 2026

Indian Institute of Technology Bombay

India

- Learned ethical hacking and cybersecurity fundamentals
- Performed network scanning and vulnerability assessment using Nmap and Wireshark

Achievements

- Super 50 Scholar – Sagar Institute of Science and Technology (2024)
- Head – OWASP Bhopal Chapter
- Winner – Linux Networking & System Security Workshop (TechSimPlus Learnings)

Certifications

- Python Essentials 1 – Cisco Networking Academy
- Python Essentials 2 – Cisco Networking Academy
- NPTEL – Network Security
- Linux Networking and System Security Workshop – TechSimPlus Learnings (1st Position)
- Machine Learning with Python – IBM
- Salesforce Agentblazer Champion – Smartbridge Educational Services Pvt. Ltd., under Yuva AI Bharat: GenAI Skill Catalyst (2026)
